

# BUTTON, WIRE EYES, DIES & GROMMET DIES

## WIRE EYE BUTTONS (COMBO ONLY) - BACKS ONLY

High quality button backs also called Wire Eye. • Two styles available: No. 9 and No. 44.  
The No. 44 has a smaller eye and is intended to be used against delicate materials to minimize piercing and runs.

Uniform Dimensions.  
Smooth edges help avoid cutting even the most difficult materials.  
Rounded loop won't fray twine.
